

Our Mission

Stepping Stones Ranch provides hope and healing to youth and their families to redeem the past, restore peace and renew hope for a brighter future, one step at a time.

Our Vision

To reach students who struggle at home or school with hope and healing by providing experiential learning which targets emotional, social, behavioral, intellectual and spiritual needs. We use the assistance of horses in Equine Assisted Learning, Rhythmic Riding and Trauma Focused Equine Assisted Therapy. We will be implementing academic programs with life skills as we continue to develop. Remodeling is underway on a youth residence to meet student's fundamental needs, one step at a time.

Our Statement of Faith

According to Jeremiah 29:11, we believe each student has a plan and purpose for their life and we provide support along their journey, one step at a time.

Stepping Stones Ranch is a 501C3 faith based non-profit that was co-founded by Dar Hensley and Danielle Combs in 2010. They have been blessed with the opportunity to acquire the Stonewall Horse Farm on SR 380 near Wilmington, OH to develop their vision. This will give youth ages five and older the opportunity to overcome obstacles in their lives including past trauma, sensory disorders, ADHD, Asperger's, and Autism Spectrum Disorders.

SSR networks with Clinton County Children's Services, Family and Children First Council, Juvenile Courts, Clinton Massie, Wilmington and Little Miami Schools. and other surrounding county agencies in Southwest Ohio. Participants are not required to have a referral and may use our services directly.

SSR Miracles in the Making

Dar and Danielle took a step of faith by putting a contract on the property contingent on raising the money for purchase within 60 days. God moved miraculously through prayer because a couple came forward through a Facebook post within six hours to purchase the property for the use of SSR! We believe this is the first of many more miracles to come.

You can help bring miracles to youth as well with your support of SSR.

We will be expanding our programs to include boarding and riding lessons.

*EACH PERSON IS A MIRACLE
IN THE MAKING*

You will be supporting the expansion of programs to help students overcome obstacles of ADHD, Sensory Processing Disorders, Autism Spectrum Disorders, and trauma to help them discover relational, social, academic and self-regulating skills.

You can help families come together to overcome their obstacles when faced with life's challenges.

You make an impact by helping kids who may feel disconnected to reconnect within themselves and their families .

You will be supporting a legacy for generations to come by

changing one life...

one step at a time.

Giving Opportunities: Please prayerfully consider how you can make a difference for youth and their families in Southwest Ohio through Stepping Stones Ranch. As a donor, you will be recognized with a name plate or sign on the project you sponsor. Sponsorships are also available for programs:

Sponsor a youth 10 week program - \$500 per scholarship
Sponsor a military vet 10 week program - \$500 per scholarship
